

Project Title: Guttenberg Emergency Operations Center

Recipient: Town of Guttenberg

Address: 6808 Park Avenue, Guttenberg, NJ 07093

Amount Requested: \$314,578

Project Description: Funding for this project would be used for the construction of the Town Guttenberg Emergency Operations Center (EOC) and the purchase of necessary equipment to “harden” security and improve emergency response communication.

Explanation/Value to Taxpayer: The project to renovate and strengthen the Town of Guttenberg’s Emergency Operations Center would toughen the facility making it more secure and standardized. This project consists of a few main components that would ensure the EOC is hardened and the overall system will better serve the individuals who reside in Town of Guttenberg, as well as those in its surrounding municipalities.

Project Title: Hudson County Emergency Operations Center

Recipient: County of Hudson

Address: 538 Newark Avenue, Jersey City, NJ 07306

Amount Requested: \$1,000,000

Project Description: The funding would renovate and equip Hudson County's new EOC facility with state-of-the art information technology and communications equipment.

Explanation/Value to Taxpayer: This project would benefit the hundreds of thousands of people who live and work in Hudson County, as well as those of the surrounding area including New York City, since the County also plays an important role in providing ancillary support to New York City in case of any emergency – making it nationally significant. It would also significantly increase the County's preparedness and ability to deal with a disaster. Finally, it would create hundreds of construction jobs and sustain a number of law enforcement positions in the County.
